A Message from Housing

Looking for a safe place to dispose of old electronics and batteries? The laundry room at Platt's Lane now has an electronic recycle bin to safely dispose of your electronics! The laundry room is also supplied with a disposal site to throw away used batteries. Facilities Management has provided 3 new battery recycling pails (with pictures that show the various types of batteries for each container - rechargeable, alkaline, and electronic).

If you notice the garbage bin outside is full, please do not to pile things in front of the bin. If there is garbage in front of the bins the drivers can’t collect the garbage from the bins. If the bin closest to you is full please go to the next closest bin or wait until the bin has been emptied to put your garbage in.

Thanks for reading Happy Spring!
